OCTOBER 2009

Rollie's Ramblings

Where does time go? Here we are coming into October and the visitations are getting done and I must say that so far the visits have all been very positive. This despite my initial nervousness which some of you may have detected but that too has been overcome. Both DG Virginia and myself have been well received at all the clubs.

I want to remind you of the upcoming Fall Forum in Spokane 23-24 October. The line up of panels indicate that this will be one heck of a Fall Forum. The theme for Fun night is Mardi Gras so dust off your costumes, come out and have a really good time.

I held my first Zone Meeting on 27 Sep and it was well attended and I was quite thrilled to hear of the efforts of all the clubs with their projects. These meetings are not restricted to the president and secretaries but is open to anyone who is interested in what is going on in the Zone. The guest speakers were Kyle and Carole Hall who gave a very animated, energy busting performance on Membership and Retention. DG Virginia also gave an update on what was going on with her year.

A reminder that PZC Rosemary Small is holding a Leadership 101 session in Aldergrove (Lions complex) on Saturday 03 Oct 09. These are very worthwhile presentations and anyone looking forward to taking a leadership position should attend.

There is not much more to add for this month so I will sign off .

Take care and God Bless.

Surprise Visit

All the ZC of 19H conspired to make sure they were available to attend the DG's visit to her home club—Lynden. Imagine the DG's surprise when she looked out and seen this fabulous crew in the audience. This action was a matter of respect for the DG by the

KIDS

An exasperated mother, whose son was always getting into mischief, finally asked him, "How do you expect to get into Heaven?" The boy thought it over and said, "Well, I'll run in and out and in and out and keep slamming the door until St. Peter says, 'For Heaven's sake, Dylan, come in or stay out!'"

The Lillooet Lions club are very active in the community and you find traces all over town to signify they were there. The photo above shows one of their projects a bouquet of tulips made out of old mining machinery. It is quite an undertaking.

Drop by and see this marvelous club and see some of their projects.

Feel the fear and do it anyway
